•	MEMORANDUM FOR: Executive Director-Comptroller	•
	SUBJECT : CIA Emergency Planning	
25X1	1. This memorandum responds to your proposal that the responsibilities for emergency planning be transferred to the Support Directorate; that the position of the Emergency Planning Officer be abolished; that Miss and her position be transferred to the DD/S; and to your request for an immediate study of the emergency planning problem in the Agency with recommendations about what we should continue to do about emergency planning and how we should do it.	25X1 g
	2. I appreciate your desire to save a ceiling position, but I ask that you defer action on this until I February 1970. By that time I believe it will be possible for us to get a more objective view of this function and a more realist assessment of our true requirement. It will also allow us time to get a more accurate assessment of the current climate of emergency planning in the rest of the Government and to study further the overall implications of adopting a modified Agency posture in this field. During the interim I would propose to have of my staff assume the emergency planning responsibility.	
25.		<b>a</b>
